Our School Vision

"To build a learning community that cares for and values everyone, where promoting confidence through creativity, challenge and high expectations leads to enjoyment and success for all!"

Our School Values

1. Motcombe School is a community where children feel safe. Individuality for all is nurtured and valued; diversity is celebrated and all members feel able to meet their full potential, through the joy of life-long learning.
2. Children at Motcombe School have the right to the highest quality of teaching, which embraces all learning needs and is committed to raising academic standards and emotional growth.
3. We acknowledge that we live in an ever-changing world and are committed to preparing and empowering children to communicate well and fulfil their responsibilities as British and global citizens, whilst developing the ability to use all available technologies, in a safe and secure environment.
4. We promote good manners, respect for self and others, fostering qualities of initiative, creativity, growing independence and self-confidence, co-operation and self-motivation through the delivery of a relevant and challenging curriculum that acknowledges the need for health in both mind and body.
5. We are committed to supporting staff in their personal and professional development.

Ethos

Our school ethos is our shared vision and common sense of purpose. As an Infant School we recognise that it is a privilege to work with children at the start of their school career and as infant practitioners we have a strong understanding of the need to balance social and emotional maturity with academic ambition and plan learning that supports development of both. This ethos aims to guide the day to day life and development of the school and strongly influence the 'feel' of the school.

Equal Opportunities

At Motcombe we believe that all children, regardless of first language, disability, race, gender, cultural or socio-economic background, should receive equal access to the full school curriculum.

Disability Statement

Motcombe is proud to be an inclusive school. We are able to offer access to the full curriculum for children who have a physical disability.

We have easy access into the main part of both buildings and have accessible toilet facilities.

As with any additional needs the school works closely with parents and appropriate outside agencies.

1.0 Introduction

This Accessibility Plan is compliant with current legislation and requirements as specified in Schedule 10, relating to Disability, of the Equality Act 2010.

- 1.1 The School's Governors/Principal are responsible for ensuring the implementation, review and reporting on progress of the Accessibility Plan over a prescribed period.
This accessibility plan ensures that we continue to improve all aspects of the physical environment of the school site, the curriculum and written information so that all students with a disability can take full advantage of the education and associated opportunities provided by Motcombe School.
- 1.2 It should be noted that the existing building is not new, Motcombe School has not been constructed with disabled requirements in mind and designed in accordance with the DDA requirements. The School does make realistic attempts to accommodate all parties with disabilities as part of our inclusive approach and will continue to develop and review accessibility on a continual basis.

2.0 Definition of Disability (Equality Act 2010)

"A person has a disability if he or she has a physical or mental impairment that has a substantial and long-term adverse effect on his or her ability to carry out normal day to day activities."
Physical or mental impairment includes sensory impairments and also hidden impairments. In the DDA '**substantial**' means '**more than minor or trivial**'. '**Long-term**' means **has lasted or is likely to last more than 12 months**.

- 2.1 The definition is broad and includes children with a wide range of impairments, including learning disabilities, dyslexia, autism, speech and language impairments, Attention Deficit and Hyperactivity Disorder (ADHD), diabetes or epilepsy, **where the effect of the impairment on the pupil's ability to carry out normal day-to-day activities is adverse, substantial and long-term**. All those with cancer or surviving cancer; HIV or Multiple Sclerosis are now included from the point of diagnosis. Disability is defined by the Disability Discrimination Act 1995:
A significant number of pupils are therefore included in the definition.

2.2 Normal day-to-day activity

The test of whether the impairment affects normal day-to-day activity is whether it affects one or more of the following:

- Mobility
- Manual dexterity
- Physical co-ordination
- Continence
- Ability to lift, carry or otherwise move everyday objects
- Speech, hearing or eyesight
- Memory or ability to concentrate, learn or understand
- Perception of risk of physical danger

2.3 Key Objectives

Motcombe School is committed to providing an environment that enables full curriculum access that values and includes all students, staff, parents and visitors regardless of their education, physical, sensory, social, spiritual, emotional and cultural needs. We are committed to taking positive action in the spirit of the Equality Act 2010 with regard to disability and to reinforcing our culture of inclusion, support and awareness within the school.

- To recognise and value parents' knowledge of their child's disability and its effect on his/her ability to carry out normal activities and respects the parents' and child's right to confidentiality.
- To provide all pupils with a broad and balanced curriculum, differentiated and adjusted to meet the needs of individual pupils and their preferred learning styles, and endorses the key principles in the National Curriculum 2000 framework, which underpin the development of a more inclusive curriculum:
 - 1 Setting suitable learning challenges
